Subject: Sports I Like

Dear Fiona,

How are you? I'm doing well at school. I like doing sports after school. I often play sports with my classmates because they are so interesting.

My favourite sport is dancing because it makes me feel relaxed and happy. I can dance but I cannot play basketball, because it is hard to bounce the basketball. When I go to dancing shows, I need to wear my dancing clothes.

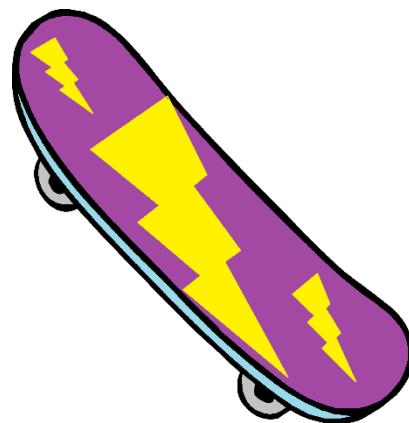

I also want to learn skateboarding because I want to skateboard with my cousin.

Do you like doing sports?

Write to me soon!

Best wishes,

Haley
