

## **My Summer Vacation**

I had a great time during this summer vacation.

During the summer vacation, I went to the mainland with my family. We ate a lot of delicious food such as West Lake vinegar fish and Wuwei smoked duck. They were very yummy.

We went to a playground happily. I played on the slides and seesaws. We all had a great time.

After playing, we went to a Chinese restaurant to eat. We had roasted pork chop buns and lemon tea. The food was very delicious.

This journey was very pleasant!
