

My Trip to Fukuoka

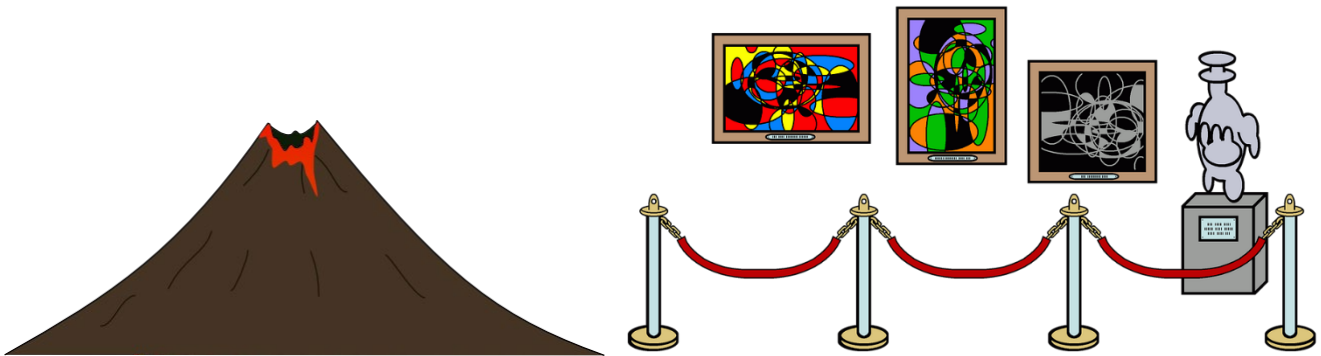

I went to Fukuoka with my parents this summer.

We went to the African Safari Park. It is a zoo. I saw and fed many animals such as capybaras, lions, tigers, and elephants. We also we took the Jungle Bus. It was very interesting.

Next, we took a helicopter to go to the Aso Volcano. I could see Aso from the helicopter. I felt very surprised.

On the last day, we went to the Comico Art Museum in Yufuin. We saw a lot of art created by Nara Yayoi Kusama and Takashí. The art was very beautiful!

We had a wonderful family trip to Japan!
