

My Summer Vacation

Last Monday, my family and I went to Japan by plane. We spent two hours on the plane and then we arrived at Okinawa Naha Airport. We took a taxi to the hotel. There was a big beautiful swimming pool at the hotel. At night, we went to a Japanese restaurant for dinner. The Japanese udon noodles were very tasty.

On the second day, we went to the beach and then we took a boat to the sea. I swam in the sea and saw many big fish. It was interesting.

On the third day, we visited a zoo. There were a variety of wild animals. I fed many cranes and ducks. I also put a snake on my body and took a photo with it. I was very excited. We went to the American Village at night. We watched wonderful fireworks at the beach.

During this trip, I felt excited. I want to go to Japan again next summer.
