

Myself

My name is Alice Fok. I am eleven years old. I have a younger brother. His name is Colin. I live in Tin Shui Wai with my family.

My favourite subject is General Studies. It is interesting. I got good marks on my exams. I am weak in English. I will read more books and watch more English programs to improve my English.

My hobby is dancing. I joined the jazz team in Primary 1. We practiced for two hours every Wednesday after school. We won the first runner-up in the 2024 HK Professional Dance Competition. I like reading Chinese books, too. I also go jogging with my friends on weekends.

I want to attend Ju Ching Chu Secondary School after my primary school graduation. It is a good school because the teachers are kind. I will work hard to become a student there.
