

(6D) Hannah (17)

My name is Hannah. I am currently a Primary 6 student. Nice to meet you all.

My favourite subject is English. I love English because I got good marks in it and it is fun to learn. I love reading English books in my spare time. I want to be an English writer.

I like learning different things. At school, I joined singing, dancing, and drawing clubs. I also tried English solo verse.

I got awards in the Chinese composition, choir competition, and merits in the English solo verse competition.

I like sports. Volleyball and badminton are my favourites. On weekends, I like to go swimming. Thank you.
