

Myself

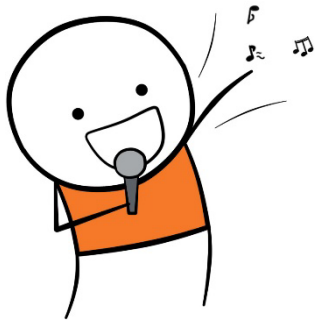

I am eleven years old. I will be promoted to Primary 6 in September this year.

I like singing and painting very much. I joined the school choir this year. We won a silver award in the Hong Kong Primary School Singing Competition.

I am positive and responsive. My classmates and teachers voted me to be the class monitor. They trust me. I am proud to be the class monitor.

I like playing basketball because it is good for my health and it makes me grow stronger. I have an advantage in basketball because I am big and tall.

In the upcoming school year, I hope I will make progress in my studies and be promoted to a good secondary school. Thank you.
