

I'm Happy!

My name is Jimmy. I am a boy. I am thirteen years old. I was born in China. I moved to Hong Kong three years ago. I am not too tall. Some classmates are taller than me.

I am not the smartest. My results are not the best in Class 5D.

I like playing football. I often go to play football with my friends on the football pitch. It is not far from my home.

I have a happy family and many friends. Thank you.
