## 06/2022-VOLUME 12

### 4 Habits of Highly Effective People

#### Habit 4: Creating win-win scenarios

Win-win means both people are happy with an exchange.

For example, if you have an orange that you don't want but I do... and I have an apple that I don't want but you do... then we can trade the apple for the orange so we both get what we want... therefore it is a win-win solution.

#### Habit 5: Seek first to understand, then to be understood

Use empathetic listening to genuinely understand a person.

This will compel them to reciprocate by listening and have an open mind to be influenced.

This creates an atmosphere of caring and positive problem solving.

#### Habit 6: Synergy

Synergy is the habit of creative co-operation.

It is teamwork, open-mindedness, and finding new solutions to old problems.

People working together can produce much better results.

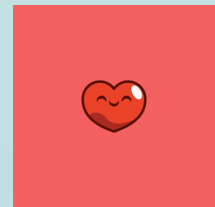

Synergy is the idea that the whole is greater than the sum of the parts.

When people begin to genuinely interact together, they begin to gain new insight.

Differences should be seen as strengths, not weaknesses.

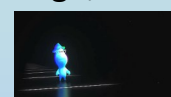

Synergy is everywhere.

#### Habit 7: Sharpen the Saw

Renew and strengthen 4 key areas (the body, the brain, the heart, and the soul).

You must eat healthy food, sleep well, get exercise, participate in activities, laugh, and help others.

## Healthy Eating

**Queen:** Mirror Mirror on the wall, who is the most beautiful person in this world?

**Mirror:** I have no idea who the most beautiful person is but it's not you for sure! You eat a lot of French fries, a lot of meat and a lot of sweets. However, you only eat a few vegetables. Also, you only drink a little bit of water. Your eating habits are not good! They are unhealthy!

**Queen:** Oh my god! What do I need to eat?

**Mirror:** You need to eat fewer French fries, less meat and fewer sweets. You also need to drink more water. You can also do some sports in your spare time. For example, you can play table tennis and badminton.

## The MTR

Do you know how to get to Hong Kong Disneyland from Tin Shui Wai? Let me suggest a way for you.

I would choose the MTR to get to Hong Kong Disneyland from Tin Shui Wai because it is fast. I enjoy sitting comfortably, so I like travelling by MTR.

Although travelling by MTR is comfortable, it is expensive. It is also indirect. It takes about two hours to get there.

# STUDENTS' WORK

Yesterday, Kelly went to Tam's Rescue Centre to visit Uncle Ben. She arrived at the centre at 2 p.m. Uncle Ben said to her, 'Hello, Kelly. I miss you.' 'I miss you, too,' Kelly replied. 'How long have you been a helper here?' Kelly asked. 'I have been a helper for 5 years,' Uncle said.

Uncle Ben showed Kelly the animals in the centre and Kelly saw a dog with a white tail, fluffy ears and short legs. It was so cute that Kelly loved it at first sight.

They took two dogs to the park. The dogs played and ran around. Kelly loved playing with them. Kelly thought that she was lucky that she could play with them.

An hour later, they went back to the centre. Kelly helped to feed the dogs but the white dog did not eat anything. Uncle Ben said, 'He is sick.' Kelly took care of it and fed it some medicine. 'Please take me home,' the dog thought. Kelly wanted to take it home.

Then, Kelly saw a black dog. The dog was fluffier than the white dog and it was also cute. She wanted to take it home, too. Which one should she choose?

At last, Kelly got a perfect idea. Why not both? She brought the two dogs home. The dogs and Uncle Ben were happy, but Kelly was the happiest.
